Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Saturday 20 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Slowly turning cloudier through the evening.

This Evening and Tonight:
Largely dry during the evening with clear spells at times. Cloud will slowly thicken overnight, bringing a chance of light rain or drizzle for some. Minimum temperature 2 deg C (36 deg F).

Sunday:
Mostly dry across the region with sunny spells in the north. Rather cloudy in the south at first but this will gradually break up in some areas during the afternoon. Maximum temperature 11 deg C (52 deg F).

Outlook for Monday to Wednesday:
Cloudy on Monday with possible light rain or drizzle. Winds strengthening on Tuesday with outbreaks of rain later. Mostly dry on Wednesday with light winds, but turning windy overnight.
